1/20/82

Paul-

I'm working on a play for summer '82. Let's talk about it sometime. It will be based on "American Pop" and show the changes, from generation to generation. Your input from the early 60's (mid?) will be helpful.

Kids have a yearning to learn how it "used to be". This will show them: "Waupaca Pop".

What do you think?
