Paul:

RECEIVED the newsletter doing a great job.

I want to let people know my own thoughts on the camp.

As a camper at CAMP WAUPACA from 1960-1969 I would like to share my EXPERIENCES of GREAT SUMMERS and wonderful guys.

Back In ~~1960~~ 1960 I was the youngest camper SKIPPER ever accepted to attend CAMP WAUPACA.

What a thrill going to OVERNIGHT camp at 7 years old for 8 weeks.

There's many memories I have from taking to TRAIN in EVANSTON then driving us to camp from APPLETON (Remember those brown bags lunches we got)

My first counselor was CHUCK COOPER, we will never forget him. I remember as well do PAUL RINGEL, GARY ALPERT, RICK PASSMAN, STEVE GREENE, and DICKY GARB, CHUCK ~~Reading~~ Reading mysterious stories about the ONE-ARMED man and others bizarre with a flashlight under is chin and we are all SHAKING under our sheets.

There were so many great guys. HERB BELTER, who also was my guitar teacher back home and to this day I still root for NORTHWESTERN. BOB KROHN, ALAN SORKIN, BARRY SHANOFF, LARRY DODDIER, RON PETERSON and many many more.

SKIPPER KUKLIN what a man, what a FATHER figure to ALL the campers and STAFF.

How can we forget the Blue & white wars, when the camp was divided in 2 teams with fight songs and wonderful competition on the land and in the water and we were all hoping to yell yell boil water boil and the last day of the war by the flagpole (Great Times!)

Playing Baseball against Camp Moshup there was no competition we gave the counselors better games

Capture the Flag we were all hoping for cloudy & cold days where the camp was divided in 2 teams and you looked out for your teammate to capture that Flag and return back to your side.

AW Rootbeer I love Thursday nights

Parents weekend the plays by really getting dressed up as a girl with Al Schaeffer & cramming softballs down your shirt

Remembering some counselors taking me to the CASINO to meet these country girls and sneaking out other times it felt like the Summer of 42

Swimming and taking boats across the lake makeout with the girls who stayed at summer homes and who will forget the final night the banquet where the awards were given. Great night but a bummer because camp was over the next morning and we would leave at 4:30 in the morning wondering if we will see everybody next year.

I miss the good times learning about Friendships and Relying on your often camper. Would give anything to return to these days and relive it over again

Too everybody I met at camp Waukegan we will always be "The kids that come from Stratton Lake"
