EXCITING THEATER THIS SUMMER

by Otto Preminger

There will be two additional Saturday evenings of theatrical talent this summer at Waupaca. Master Caster Associates have announced the productions of "Final Dress Rehearsal", "If Men Played Cards as Women Do", and "Message of Khufu." The first, to be presented a week from Saturday, is a comedy. The other two, to be presented the following week are comedy and mystery drama. These performances are prior to the big play to be presented the fourth and fifth weekends, which is currently being written by the Associates. All in all, the Tyrone Guppy Theatre should provide top-notch entertainment this summer.

PACANEWS MODERNIZES OFFICE

The editors of the Pacaneews, Camp Waupaca's Greatest Newspaper, have announced the remodeling of their offices, with the addition of a new electric ditto machine four cases of paper and six gallons of duplicator fluid. Mr. Allen, famous interior designer who works on Chicago's beautiful Michigan Avenue announces the color scheme will be black, in keeping with the somber theme of the Pacaneews. The editor of the Pacaneews has new offices for its executive assistants, who help to bring true our motto: "All the news that fits, we print!"
