## MANNY'S NEW HOUSE

By S. Lev

After Manny sold his old White House, he decided that he would live like & near the campers. So, a new home was constructed near the edge of the C.I.T. Villiage. The new house has another advantage; a connecting infirmery for the campers & counsellors.

The house is 84 feet long. M. D.'s house has three bedrooms; 1 for his daughter Beth, 1 for guests, and 1 for Manny & his wife Lil. The kitchen includes; shelve space, a sink, a refrigerator, and a stove with burners. The house though not completely furnished is quite a comfortable one for Manny and Lil. The infirmery has all of the modern equipment. It has living quarters for our Camp nurse, Rosemary.
