TO

CAMP WALUPACA

VISITORS SUNDAY

1977

# DEAR PARENTS:

We are pleased to welcome you to our visiting day. During the past few weeks your son has been involved in our active program taking instruction during classes of his choice plus the many exciting special activities we have provided. As you may be aware, our goals are directed toward fun and learning. We feel proud and pleased in knowing these goals were accomplished. It is a pleasure to observe our campers enjoy themselves.

Talk with your son about the activities and the many special programs he enjoyed. We feel certain that in bits and pieces he will be bringing up and remembering much of the fun he had throughout the coming months.

Enjoy your stay. We invite you to inquire about our Early Bird program for 1978. Thank you for sending your son to Waupaca.

# MILNNY
