

SPY

VS

SPY

Ron Lavine
Program Director

Spy vs. Spy is a special 4th of July evening program. The camp has been divided into two divisions - each division with four teams in competition. The teams that win each division will be acknowledged on a plaque that will hang in the Dining Hall. All scores will be added toward the Star Wars standings.

On the 4th of July we will have a regular schedule of classes during the day. At rest hour, the teams will meet to determine line-ups and receive instructions. The program will begin after the evening meal at 6:45.

Each team will be divided as follows by their captain: 5 or 6 team players, 2 spies, and 2 counterspies.

When the game begins, the team players will report to the official assigned to their team. The spies will report to Mike Lurie at Spy Headquarters in the office. The counterspies will report to Maxine at Counterspy Headquarters at the Infirmary.

Points are scored by the team players as they move from event to event. Each completed event scores a point. MEANWHILE: the spies will be attempting to slow down team players from the other teams by completing events and then delivering spy envelopes. The counterspies will be attempting to slow down the spies by completing events and the delivering counterspy envelopes.

When a group receives an envelope, they complete the event they are doing and then must stop. Each envelope will have five colored strips of paper. The group must secure matching strips from the team official of that color (see next page).

FIELD EVENTS

- (4) GOLF: On a rotational basis the team will sink four putts on the putting green and chip four balls into a target area near the tennis fence. (3)
- (8) BOATING: The team will complete a playak relay around a bouy and back to shore. Team players will have a four man relay. Spy teams will have a three-man relay with one duplication. (7)
- (2) BASKETBALL: On a rotational basis, the team will sink 10 shots from behind a line drawn on the court. Older division (10 feet) and younger division (8 feet). (1)
- (6) TENNIS: Two players from each team will have a tennis rally and then on a rotational basis, the team will serve balls into the correct service box. Older division (10 consecutive hits and 10 serves). Younger division (6 consecutive hits and 6 serves). Serves need not be consecutive. Rallies are from behind the mid line. (10)
- (10) RIFLERY: On a rotational basis, the team will have to hit the target (black) 15 times. Each player takes three shots. Maximum of 30 shots (three minute penalty). (9)
- (1) ARCHERY: On a rotational basis, the team will have to hit the target 15 times. Each player takes three shots at a time. (6)
- (9) FLICKERBALL: On a rotational basis, the team will have to score 30 points from a line drawn on the field. Older division (25 feet). Younger division (20 feet). (8)
- (5) REC HALL: Two players from the team will make ten consecutive hits at a table tennis table. On a rotational basis, the team will then clear a pool table of five balls. (2)
- (7) BASEBALL: Two players will pitch and catch 10 strikes. One player will then fungo 15 balls which must be fielded cleanly (bounce or fly) by teammates. (5)
- (3) FRISBEE: At the soccer field, on a rotational basis, hit a ground target area six times with a frisbee. (4)
