

## an Editorial:

By popular request, (an old friend of ours who always comes through in these kind of things constitutes the "popular,") we repeat the editorial which has graced the first issue of the WAR-RIOR for the past two years.

Every paper, so we have been told, must have a "policy." Not to be outdone by our brother publications as the New York Times and the St. Louis Post-Dispatch, we herewith state our "policy" (which in our case is NOT a game played on the South Side of Chicago).

Our policy follows the main theme of Camp Waupaca in that it is flexible, but its main purpose is to give campers a chance to play

"newspaperman."

For that purpose, we are justly proud of the fact that every article written by a camper for the WARRIOR has been printed, and we will continue to follow the record set in past years.

We also use the WARRIOR to inform parents of Camp's activities—in more detail than we feel a camper puts into a letter. For this reason, we find it more (concluded on Page 2)

### CONTEST WON By CABIN 5

SUNDAY (July 4th)

--A hotly contested cabin
beautification contest ended this
afternoon, with
cabin five judged
the winner.

The contest had been in progress since Wednesday morning. A trip to the Root-Beer stand was the announced first prize.

Judges Joe Rosen and Skipper Kuklin awarded the Root-Beer award to all cabins, since they felt that efforts and enthusiasm on the part of the campers toward the project had been excellent.

Rowever Cabin 5 displayed unusual skill in decorating their outside area, and so they made the season's first cance trip. (Story on Page 2)

### PASTERNACK IS NEW SCRIBE

FRIDAY (July 9th) -- Jim Perlman was elected Chief of the Waupaca Tribe this evening at the climax of a huge tribal convention; Ted Pasternack was selected as the Scribe for the 1954 season.

Mach cabin will elect a Saganaw, or representative to the War Council on Sunday. These Saganaws will meet with the Chief, Scribe and Counselor-Advisor on regular intervals to discuss camp "problems" and to represent their cabin-mates at these discussions.

Candidates for Chief came from cabins seven and eight; boys from cabins five and six were eligible

to run for Scribe.

The Rec-Hall was the scene of the "convention," as delegates from all cabins heard speeches by the entire slate of candidates. A final roll-call vote was taken to decide the winners, by calling on the individual delegations. Each cabin constituted a delegation.

Howie Ellegant, Jerry Goldberg and Shel Stolowich also ran for Chief. Ellegant is from Cabin 8, while the other two boys reside in Cabin seven. Perlman is from

Cabin eight, also.

Six boys ran for Scribe Besides Pasternack, Herb Beller, Steve Erlich, Marty Guttman, Richie Lazar and Earry Silten all threw their hats in the ring. All, are Irom Cabin six.

Cabin 5 Paddles 10 mi. Down Waupaca River; Camp Overnight

FRIDAY (July 9th) --- UNDER THE DIRection of senior counselors DANO Danielson and Frank KRASNOWSKI cabin five returned today from TEN MILE CANCE OVERNIGHT TRIP DOWN THE TRICKY WAUPACA RIVER

Assisting Dan and Frank were CIT Ren Silverman and junior counselor

Jerdi Rotheiser.

Dan is especially familiar wi th this area, since he spends his winters as principal of the Wau-

paca High School.

Members of cabin five, who WOD the privilage of taking the 862son's first cance trip as a reward for the outstanding job of cabin beautification, are: David Boldon; Charles Esralew, Erwin Fround, Mike Beader, Seerge Soldstein, Steve London, Howie Lovinger, Steve Pearl Wike Seldess, Lee Tabin and Weisbard.

The boys put their cances in Sheridan, Wisconsin, about ten miles north of Waupaca, early & on Thursday afternoon. They resched a camp site on the Waupaca city limits in time to pitch camp Thursday evening. Steaks were the dinner menu; bacon and eggs on tab for breakfast.

Dan noted that the river W2.8 quite "fast," with many small but safe rapids providing thrills for

future trips are being planned o begin from where Cabin five endd traveling down the Waupaca liver as far south as Weyewega.

Another trip is expected to be lispatched sometime during

eming week.

oquois are the names of week a They, of in turn, are

During today s track meet AND FINALLY PULLED AWAY TO A 93-67 WIN, AS CAMP WAUPACA'S FIRST TRACK MEET GOT UNDER WAY.

Cabin six led the cabin scoring, as they racked up 35 of a possible 40 points. Cabin three second, as they turned in a surprising 33-7

over cabin four. The Camp Waupaca track meet, held every Sunday morning, is divided into four events: broad jump, shot put, 40-yard dash and 16-inch softball throw. Every camper participates in all the vents.

All four events take place at once, with cabin one, for example, vieing with cabin two at the 40yard dash, while three meets four at the shot put. When all have taken turns at the event, the cabin groups rotate, with one and two moving 40 the ball throw, while the other cabins enter the 40-yard dash.

Points are awarded for third first, second and basis. places on a 5-3-2

In Sunday's meet, the Iroquois captured both the shot put and ball throw, but they took both by a narrow 32-18 margin, while the Sioux pounded a 32-8 win in the 40-yard dash, and a 25-15 victory in the broad jump.

Sunday's victory worth four points intoward the total Stonx score

# LAKE SUPERIOR EARLY BIRD" TRIP PLANNED FOR JULY 29-29

1954's Lake Superior "Early Bird" trip is scheduled for July 27th to 29th, Skipper announced recently.

In making the announcement Skip read a post-card from Russ Adis, skipper of the "Hedy Jo," one of the fleet of fishing vessels used by the camp each year for the deep lake fishing excursion.

Adis said, "We will be at the dock at Bayfield (Wisconsin) to take your boys fishing from 6:00 a.m. on the morning of July 28th. Until then, good luck. Russ."

The Early Bird trip takes the first 30 boys--eligible to be Early Birds---who turn in deposits for the fellowing season.

A boy who has attended camp and filled out an Early Bird application is considered eligible for the trip.

A new feature has been added to this year's journey. Since the boys have been requesting a "camp-out" atmosphere, tents will be brought along for this year's trip.

Classes and normal camporegram will continue as useual for the campers who remain in Waupaca. While Skip will journey with the Early Birds, Joe will remain in camp.

CRAFT SHOP

Tom Fricano could be expected to all collebrate these days, for Tom has just been informed that he will socupy a teaching post in the department of art at the U of Illinois this fall; he also has a one man art exhibit scheduled for the coming fall.

But neither of these is the main reason for Tom's extreme satisfaction. Tom is pleased because, under his direction, the craft shop has progressed farther than ever before in Camp Waupaca history.

The new building in which the craft shop is housed aids in the developing of some superb projects.

The boys began the summer constructing air ships. They quickly got wind of leather work and made lanyards and bracelets. Now they're working on jewelry, constructing electro-heated copper pendents and cuff links.

### COP IST WATERMELON LEAGUE COMPETITION FROM SIOUX, 27-26

SUNDAY (July 11) -- The Iroquois turned in the first Watermelon League victory of the 1954 season, today, as they whipped the Sioux, 27-26 in a nip-and-tuck battle.

The Watermel on League encompasses all athletic competition, from daily games of various natures to the big Sunday track meet.

All campers either belong to the Iroqueis or the Sioux, with team names changing at two week intervals as squads are "evened" up.

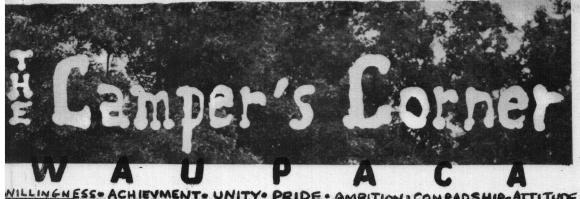

Both Sioux and Iroquois teams are divided into sections according to age. There are the Little Chiefs, Warriors, Chiefs, Big Chiefs an Super Chiefs.

Entering into today's meet the Iroquois led the Sioux, 34-22

Seven points were awarded for today's track meet, and although the Siouxs managed to capture four of them, it was not enough for an everall Sioux victory.

The Counselors-in-Training participated for the first time today in a track meet, as the Iroquois CITs zan over their Sioux counterparts 36 to 4

The revised teams will now become Rangers and Commandos

NILLINGUESS - ACHIEVMENT - UNITY - PRIDE - AMBITION - COMPADSHIP - ATTITUDE

### FEATHERS 2 NO, 3 RO Week's

Tribal Titles Presented During Special Ceremony

FRI DAY (July 16) -- Amidet an impressive India n ceremony this evening, Camp Waupaca announc ed the tribal titles all its campers.

Tribal titles are "feather decided by a system, and white, red and blue feathers distributed for various achievments throughout the camp season.

White feathers presented for improvment: each camper ordinarily receives one white feather for each subject he participates in as a class.

One red feather for each four-week period is presented for attendance.

Blue feathers are on-Henor ly awarded to Boys. " One blue feather for each week's title of Honor Boy.

A blue feather may take the place of any other feather (i. e. , red or white), but there is no substitute for blue feathers.

When a camper becomes a Big Chief, he automatically is 2Ccepted into the Waupaca Braves, an exclusive. fraternity-like, Indian organization, representing the top standard of camping principles.

### CABINS USE CAMPING Honor Boys: SITE FOR CAMP-OUTS

Camp Waupaca's camping site has been put to good use during the past week, as all of camp's eight cabins have been venturing forth to the Waupaca version of Caldwell's "God's Little Acre."

Waupaca's little acre is 1 002ted in the farthermost corner of camp land, separated from sight of camp proper by a row of trees. The site is, however, within walking distance of the main camp ground.

The normal proce dure is for a cabin to leave shortly before supper for the site, eating supper around the settlement's campfire, and sleeping the the large main tent and numerous pup which comprise the camp site.

The cabin usually returns shortly before breakfast on the following morning.

The entire site is the brainchild of the camporaft class. which annually sets up the tents, beautifies the area with rustic furniture, and enjoys the first trip to the site.

Since the area is a permanent one, improvments can be made it which would be impracticle for a temporary camp set-up In this manner, campers learn that the good woodsman does not "rough-it" but makes his camp site as much like home as possible

Learning to cook out at the site and pitch tents, is al 80 good practice for the long canos trips which usually come later cabin the season for the older ins. Menu for the camp site is usually steak, potatoes, etc.
