GOLD RUSH DAY - 1968

This year, blue gold was mysteriously discovered, by two even more mysterious old timers, in the fields of Camp Waupaca. It was collected by the campers, and then weighed at the Assayer's Office, where it was exchanged for its Gold Rush Money worth. The dollars were then spent at the different booths and concessions set up by each of the cabins. At the end of the day, Cabin 4, under the superior leadership of Ira Serabrin and Jim Avery, found themselves with the most money, and the spoils of the day - the Annual Gold Rush Day Plaque.

Cabin	Concessions
1	Made and sold popcorn
2	Go - Kart Rides and Dart-Balloon Throw
3	Obstacle Course and Squirt Gun Candle Spray
4	Revenge, Wrestling, and Dr. Avery's Magic Elixer
5	Strength Tester and Nok Hockey
6	Pin Knock Down and Skill-Ball
7	Root Beer Stand and Frisbie in the Basket
8	Smores and Kool-Aid
9	Treasure Hunt and Bean Guessing
10	Beat the Champ Ping Pong and Turtle Races
11	Fish Pond
A - E	Casino and Mung Machine

THE EARLYBIRD - 1968

By Bob Survey

This years Earlybird was an exploration trip to the Wisconsin Dells. Boys from cabin's 1 through E went on the trip. We left on the trip July 25 and returned July 28.

When we got to the campsite we pitched the tents and collected wood for fire. After dinner we went to an Indian ceremonial and saw Indian Traditional dances, singing and war dances. It was thrilling and exciting to everyone.

When we woke up the next morning, we went to the Baraboo World Circus Museum. We saw old clown uniforms, circus history, unloading and reloading of the animals. We also saw a circus show, which had clowns and animal acts, a thrill for everyone. Then we took a tour of the city of Baraboo. We saw old circus tents, storage houses, homes the Ringling's family lived in and places of business the Ringling's owned.

After the Circus Muscum and tour, we returned to the campsite all talkative about our morning activities. After lunch and a short rest period, we went swimming in beautiful Devils Lake.

Later on we went on a big hike into the mountains of Baraboo. On the way up we stopped off at the nature center and saw different animals that live in the area, plants that can be harmful, and also other plants. When we got further on, Wayne warned us of rattle snakes. On the hike, we saw Devils Lake from the hills which was a beautiful sight.

After dinner, we went to the world famous Tommy Bartlett Water Ski Show. We saw skiers parachuting, barefoot skiing, champion skiers, boat races, boat jumping, and the last event of the evening was a Polynesian Song Fest.

The next morning we went on a boatribe through the Dells. We saw interesting rock formations of animals and people.

The last event of the trip was going on the big slide and go-karts. The big slide was a big hill about 400 feet high. You would sit on a burlap bag and go down.

The trip was enjoyable and fun for everyone. Manny hopes that all the other trips will be as successful as this one.
