## WHITE TEAM

Ray Krysh

After a week of tension in the Dining Hall, a vicious fight erupted between soon-to-be little chiefs Tom Harms and Steve Megginson. Were they going to be the leaders? We had to wait thirty minutes to find out, and when all was said and done: it was Big Stick against Little Stick - Dennis Sullivan and Ray Krysh.

The week of war games and contests seemed to fly right by as both teams did well in almost every area. Even the refs managed to raise their flag amid the wild cheering in the Dining Hall. Whose gonna win this, win this war? We are, we are - that's right! Have we got soul? Yeah man!

We owe a great deal of thanks to the Sachems, to the officials, and to all members on both teams. It was the second year in a row for Dennis and Ray - and both the Blues and Whites were "winners" again this year.

# CAMP RECORDS

This past summer will remain in our memories for a long time to come. Gold Rush Day and Hobo Night, Olympics and the Blue-White War, classes, competition and special events all seem to come together at one time as our mind paints a vivid picture of Camp Waupaca 1974.

On the following pages I've listed many of the achievements and records compiled throughout the summer - hoping that each page will rekindle faint memories of a great summer as you flip through this yearbook several years from now. The Early Bird, the World Series, table chants in the Dining Hall, the referees cheering themselves on during the Blue-White War - all of these may drop into the background as time goes by, but the fun and good times of camp live on inside of you as a feeling that will last forever.

All of our programs went very smoothly both during the first and second four weeks in 1974. Enthusiasm on the part of both staff and campers created a spirit of fun and togetherness in the cabin, on the fields, and in the hearts of everyone at camp this summer. And as you think back about all that camp meant to you while you were there and since you've grown older - it is the people that will make your memories seem real and alive. It takes great people to make a great summer, and Camp Waupaca always seems to have more than its rightful share of really great people.

In my position, I'm thankful for all of the help I can get by campers and counselors alike. I would like to take this opportunity to thank the entire staff for their patience and cooperation. I'd like to thank Paul Warshauer - whose imagination and talents continue to keep insanity alive all over the world. And I'd like to give a special thank you to Dick Garb, Ray Krysh, Dennis Sullivan, and Steve Megginson - for without their help and hard work, my job would have been next to impossible. The hours above and beyond duty put in by Dick, Ray, Denny, and Steve helped make my summer a good one - just as did the enthusiasm of all our campers.

Good luck to you this year and in all years to come. And may all of your summers be as happy and healthy and carefree as was the summer of 1974.

Program Director
