this magnum opus.

My deepest thanks to Mr. Kramer, of  
Kramer's Print Shop whose patience  
and assistance made this book much  
better.

A (A spiritual thank you to Buzz & Gil  
at JUST PRINTING for sitting patiently  
while the Editor cut his photo-pages,  
and for the fine work on those pages.)

Acknowledgements:

A book of this size takes a con-  
certed effort from all persons in-  
volved. Many times getting material  
from contributors is like pulling  
teeth, but I hope all will now ack-  
nowledge that by "...getting in those  
articles..." I was pressuring for a  
class "A" book. Many thanks to all  
staff who assisted in the writing of  
articles, especially Ron Lavine, des-  
pite the Blue and White War, had time  
to collect and type his own pages,  
(Sideways! Which he claims is quite  
a pain when it comes to statistics!)
