

CAMP WALLPAPER

Another year has come and gone - another summer is now behind us. And what do we have to show for it? Some have medals from the Olympics, some have a left over booklet from the Blue-White War, some have a bunch of autographs in their yearbooks. But these are not the important things that we take home from camp. It is the memories we all share that makes the summer worthwhile now that it is all over.

What are memories? Are they places and events? The waterfront during Olympics was sure a colorful spot. And remember all those activities during the Tournament Night and Moment of Madness. All the color and excitement of Gold Rush Day and Hobo Night, the Red White and Blue Track Meet, Tribes, Classes, Competition - it all seems to have been too much to fit into one summer, but somehow we managed.

And what about all of the people we leave behind? It is always the people that make our memories seem real and alive. Cabin mates and counselors, teammates and coaches - each person with his own special place in our memories of summer.

My memories are full of all the times I received help this summer from the fine members of our staff and the most helpful and conscientious group of CITs we have ever had. I'd like to give a special thanks to all of the counselors for their patience and cooperation in working with our camp programs. To Steve Dexter and Mike Lurie - a special thanks for all the behind the scenes help and their many long hours spent assisting in all sorts of projects. To Ken Robbins - a special thanks for his tireless efforts during campfires and a variety of "camp spirit" programs and events. And finally a special thank you to Ray Krysh for his help in planning and carrying out almost every camp program we ran this past summer. Without his help, my job would certainly have been an impossible one.

The summer of 1975 - is it all over now? I don't really believe it is over. With a whole summer full of memories to look back on, the good times and the many friends we had this past summer will always be alive in our minds. Don't lose those memories. They are well worth hanging onto.

Ron Lavine
Program Director

OLYMPICS AT WAUPACA

The Camp Waupaca Olympics for 1975 was a great success. From the opening ceremonies on the beach to the closing of the games 36 hours later, everyone in camp had a very full and rewarding experience.

It takes a great deal of effort on the part of many staff members to make a successful Olympics. I would like to take this opportunity to thank many of them individually.

Thanks to Dick Van Dyke for making a second recording of the Olympic theme which he delivered to us at camp this summer. Also to Paul Warshauer and Mike Lurie for aiding in the playing of the national anthems during our medal presentations in the Dining Hall.

Thanks to Wayne Towne, Paul Hoffman and Mark Kitzi for many hours casting molding and completing our fine Olympic medals. It is no easy task to make 390 medals of the fine quality we had this year.

Thanks to Mike Euer, Ken Robbins and Fred Cipkin for many hours spent helping to make ready our fine Olympic shirts.

The silk screening process used to make our shirts is a difficult one to master and a long one to complete. The coaches, Mike Euer and many helpers spent over a week to make certain our shirts were ready on time.

Thanks to Paul Warshauer for his opening day appearance as the Greek God Zeus. His presentation at the waterfront added the color and spirit necessary to get our Olympics off to a proper start.

Thanks to the officials for their efforts in organizing and running all of the events. Their job is a difficult one that is often overlooked.

Thanks to the coaches who spent long hours with shirts, line-ups, problems, cheers, etc. The enthusiasm of the coaches always makes the Olympics great for everyone. This year was no exception.

And finally a thanks for the spirit of all our campers. The desire to make the Olympics successful must come from all of the participants, and this year we had a great group of boys.

Congratulations to the USA and all other nations. In the 1975 Camp Waupaca Olympics - everyone on all nations emerged as a winner.
