This year's Trail's End yearbook was a long time in the planning. It was begun in April and completed as camp ended.

I would like to thank all of the campers, counselors, and staff for their thoughtful help and consideration as we wrote, typed, and printed the articles.

A special thank you to Manny and Mike for helping me make the decisions that make this yearbook a great success. Also thank you to Ron for his contributions--in addition to the program sheets. Thanks to Mr. Kramer from Kramer's Print Shop in Waupaca for all of his help.

A very special thank you to John Benner who worked very diligently getting the picture pages assembled. This year, we have a record seven pages filled with exciting pictures of many familiar Waupaca faces.

Have a good "off-season," and until the Trail's End...

Mike Lurie,  
Yearbook Coordinator
