All rugby averages include scorers with one point per game or better. Rugby games included come from the morning competition period, the Sports Spectacular and the World Series.

All statistics recorded, compiled and tabulated by Dan "Bulletin Board" Shaffer, Jeff "Barefoot" Rissman, Karamath Khan, Mike Hollobow, Silas P. Cropsy, Steve Sineman, and the ghosts of Steve Lasin, Gary Rosengarten, and Gary Silbar.

The Office of Statistical Tabulation is located in the CIT Village on scenic Lake Stratton, Camp Waupaca, Route #1. Office hours are 9:00 A.M. to 5:00 P.M. weekdays. All complaints should be directed to Mike Hollobow (The Chief Complainer).

Ron Lavine  
 Program Director

On behalf of the entire camp, the program department would like to extend a very special thank-you to the members of the Camp Waupaca Jedi Club for their many hours of hard work in "compiling, tabulating, and recording" the camp averages for softball, basketball and rugby. It is a very demanding task and often a very time consuming one. We certainly appreciate your dedication to this aspect of our camp program.

CAMP STATISTICIANS

```

On behalf of the program department, I would also like to thank the two assistant Program Directors: Mike Lurie and John Schmitt for their very energetic contributions to the camp programs. The camp program has grown through the years to such large proportions that one person could not dream of handling it alone. Mike and John were always there when needed, and it is my hope that we will have them with us at camp again in future years. To Dick Garb, we all owe a great deal of thanks. Dick has been with us in one form or another for 18 summers. His help during the Blue-White War has helped for many years to make that program one of the best any camp can offer. To Mike, John, and Dick - once again, thank-you for helping us to make this a great summer in 1979!

Ron Lavine  
Program Director

Spy vs. Spy is a special 4th of July evening program. The camp has been divided into two divisions - each division with four teams in competition. The teams that win each division will be acknowledged on a plaque that will hang in the Dining Hall. All scores will be added toward the Star Wars standings.

On the 4th of July we will have a regular schedule of classes during the day. At rest hour, the teams will meet to determine line-ups and receive instructions. The program will begin after the evening meal at 6:45.

Each team will be divided as follows by their captain: 5 or 6 team players, 2 spies, and 2 counterspies.

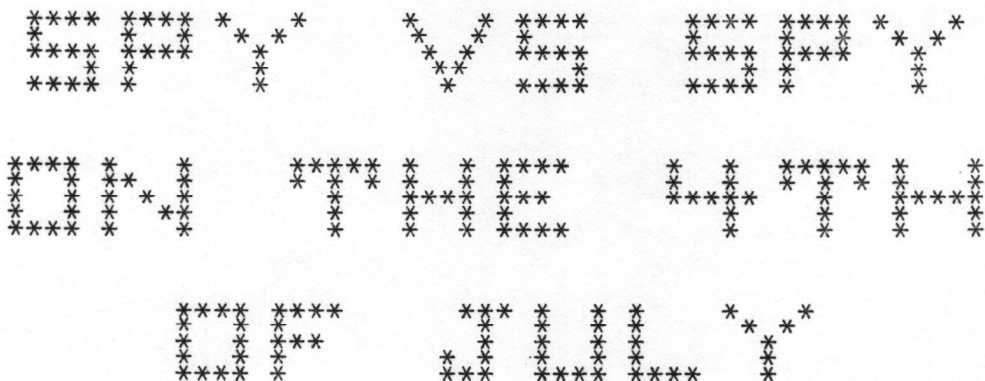

When the game begins, the team players will report to the official assigned to their team. The spies will report to Mike Lurie at Spy Headquarters in the office. The counterspies will report to Maxine at Counterspy Headquarters at the Infirmary.

Points are scored by the team players as they move from event to event. Each completed event scores a point. MEANWHILE: the spies will be attempting to slow down team players from the other teams by completing events and then delivering spy envelopes. The counterspies will be attempting to slow down the spies by completing events and then delivering counterspy envelopes.

When a group receives an envelope, they complete the event they are doing and then must stop. Each envelope will have five colored strips of paper. The group must secure matching strips from the team official of that color
