

# Monopoly

The board game is fun but the way this year's first all-camp Monopoly game worked who can be content to play it the regular way? Campers were divided into teams of 4 or 5 and assigned a token. Then their task was to "buy" as much of camp as they could keeping in mind that some areas could form a monopoly. After participating in certain activities the campers could earn money and buy more properties! There was no question that everyone hustled to buy Manny's House, the Waterfront or Mess Hall. Listed are the top three money making teams, amount of money and property each team earned, and the other players as well. We'll see who can do it next year! Practice!

# Hobo

A "Night out of the Past" was brought back to Camp Waupaca this summer. Hobo Night '85 was a huge success. The campers of the first session all dressed up like Hobos and assembled on the soccer fields for a night of outdoor activity. Boys used charcoal to color beards on their faces and most carried Hobo packs over their shoulders. No-one could quite figure out "Golfball Willie" (our own Tom Lehn).

Every cabin had to build a shelter for two, cook a fire, and do some skits. The hot dogs were good but the fun was in the crazy outfits everyone was wearing. Here are some of the highlights:

Best Skit: Cabin 11

Relay Winners: Willie's Team

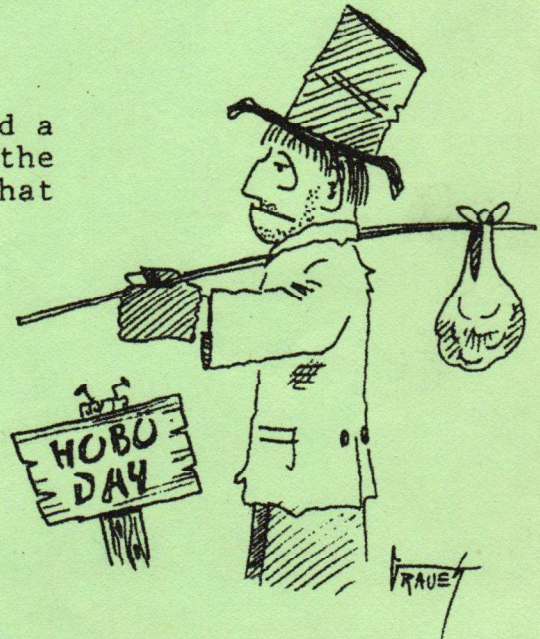

Hobo of the Year: Scott Rubin

Best Beg for a Bean Can: Cabin 5

Best Costumed Hobos for each Cabin:

- 2- Jon Newman
- 5- Alex Jacobs
- 7- David Mann
- 8- Jeremy Fisher
- 10- Peter Berk
- 11- Jeff Ptak
- CITs- Scott Rubin

It seemed that everyone had a good time and even Hansie the dog had a field day. We hope that Hobo Night will be here to stay!

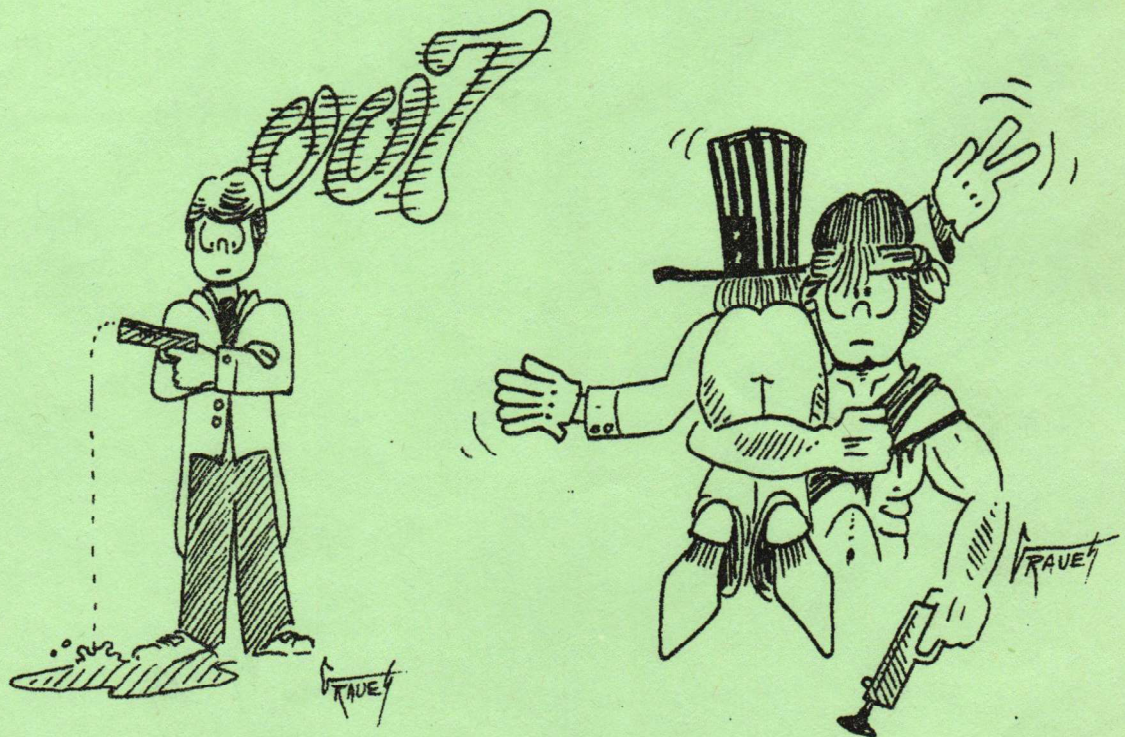

# 4th of July

The Fourth of July held a lot of surprises this year for everyone. Early in the morning the camp was awakened by Paul Revere on a, well, newer mode of transportation: A Mini Bike. "To arms! To arms! The British are coming!" After Revere told us his story at the flag, it was a regular day of classes. The boys in the dramatics classes busily prepared for their evening's performance by hanging the curtains in the "Fine Arts Complex (the Mess Hall by day), gathering props and costumes--make-up, rowboats, and everything else imaginable! Then, promptly at 8:00 PM, the curtain went up on the two act festival. Rambo Visits the Revolution, and A View to An Independence were presented to a packed house and judging by the response both were well received.

After the fun in the theatre, some ice cream sundaes and off to the waterfront to see an outstanding pyrotechnic display (fireworks, folks) courtesy of the Missouri Kid and our neighbors across the lake. Some wonderful giant mums, exploding M-80's, and a finale of 100,000 firecrackers strung together made the day end with a BANG!

On the next page is a program of the plays. Enjoy. The boys worked hard to present them.

# Flag!

When the announcement was made at lunch that day that the evening program would be capture the flag, cheers went up from the potential field marshals, generals, colonels and would-be spys. All dreamed of the giant game with expectations and hoped that they would indeed capture the flag! Our flags turned out to be two orange cones, but the spirit of conquest was present as England battled France in a repetition of Waterloo. The only difference was that France won! Here is a list of the brave team that turned the tide of history.

# Gold Rush

Early one Sunday morning little Ken Hirsch awoke and realized it was finally Gold Rush Day. He woke up the rest of Cabin One and shook his counsellor, "Al, Al, wake up! The gold is out there!" As Al wiped the slumber from his eyes he, too, realized that it was the BIG DAY! Soon all the cabins were up readying their cabin areas for the impending excitement that would follow. Crepe paper, markers, tape, miles of string, tacks, make-up, costumes...all of it part of this year's biggest Gold Rush Day ever!

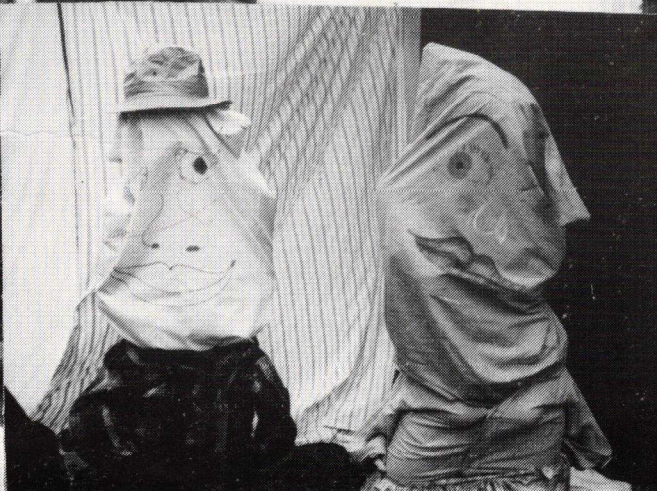

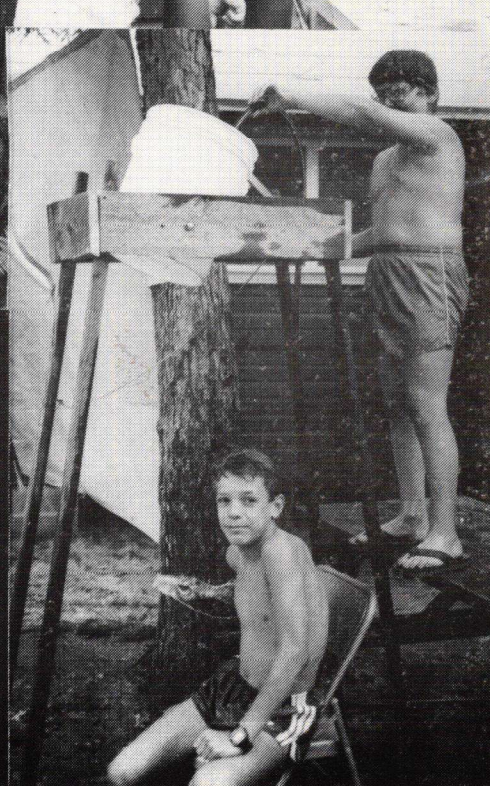

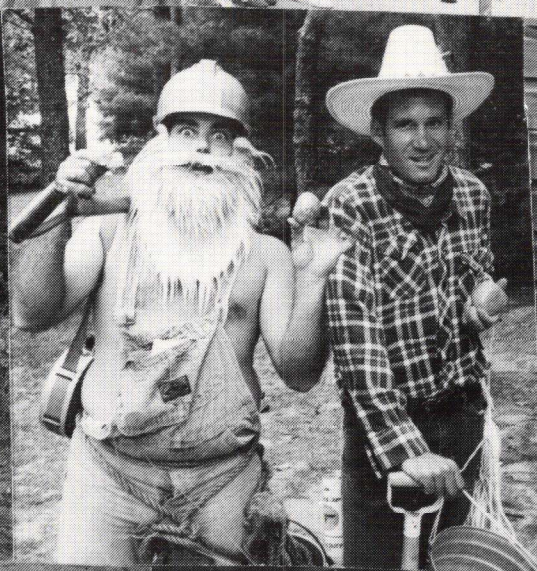

Sure as rain, Eb and Zeek made their appearance after rest hour by the side of the Rec Hall and told a few stale jokes to the waiting campers. Then armed with bags to haul their booty, the campers scattered to the fields to get the "gold in them thar hills!" Bringing their bags to the Assayer's Office (Canteen), they were given moeny for the efforts of their labor and got to spend it at the booths set up during the morning! What fun going all over to the dunking booth, the CIT World Vision Line (and getting robbed by South American dictators), the Freak Show and Funnelator! It was over too soon and Cabin 4 and Cabin 9 were the winners. The CITs had the most amount of money (no doubt) due to careful management and thrifty manipulation of capital (theft, in other words). Costumes were phenomenal--Andy Harris as the grim reaper, Gary Schotz as Guido, Golfball Willie made an appearance, Ken Saunders and Gregg Feinstein as Swamis all added to the excitement of the day.

After sunset the two prospectors made their way out the gate hoping to return next year for more help from the campers. As they left, Ken asked his brother if the prospectors would be back. Marc told his little brother, "If we come back next year, I'll bet they'll come back, too!" Satisfied that his brother had told him the truth Ken sighed and hoped next year would come quickly!

# Trivia

What is the longest river? Who has the most stolen bases of any major league player? Who won the Oscar last year for the best actor? If you knew the answer to these questions you could win a slice of pie and be on the way to winning this year's Trivial Challenge. The "board" was set up on the baseball fields. Campers, with their various teams, had the opportunity to answer a host of questions on many subjects. If correctly answered, a pie slice was awarded. History, Geography, and Camp Lore were among the topics. The winning team had accumulated 41 pie slices and finished their third full pie. Banana, however, had 51 pie slices, but didn't finish their pie until later. Everyone's brain was tested to the limit! Listed are the top five teams. Andrea and the kitchen staff baked a pecan, apple, and cherry pie for the winning teams...an appropriate reward! Remember what Alexander Pope said: "What mighty contests arise from trivial things!"

# Fishing

There are very few animals that get up with the sun at Camp Waupaca. The new Fishing club was in search of those animals. The boys themselves had to get up earlier than the fish to catch 'em! At the wee hour of 6:30 AM 11 boys rolled out of their warm beds and headed to Lake Stratton to test their skill against the creatures of the deep (well, Stratton is 40 feet at its deepest point).

The kids had it rough. They had to give up a warm bed, warm kitchen-prepared breakfast for cold cereal and donuts. The biggest fish was a 17" but it got away. Enough of the fish stories--here's the big salute to the 1985 Fishing Club!

# Running

The fitness craze has hit Camp Waupaca as campers began this year to arise at 7:00 AM to jog. Yes, the same children who could never get up at home popped out of their beds to hit the roads and run the two mile course. A certificate was awarded to campers who completed 10 miles. Tee Shirts with the decorative logo of the running club was awarded at 15 miles and small jogging shoes given at 25 miles. Our hats, (and socks) off to the 1985 runners. Here is the proud list of those gallant men (and ladies) who made the grade.
