It was destined to be a great Sports Spectacular when, in the beginning, **Scott Rubin** strolled in as the Statue of Liberty for East, **Lee Eisner** entered as Colonel Sanders for South, **Mike Jelinek** arrived as "A Surfing Dude" from West, and **Jon Torshen** graced us as "The Great White Man" from North.

The coaches did a fine job directing their various competition teams. Hats off to those brave coaches for their patience and good spirited leadership, (especially during the Spotlight on the Coaches events!).

The Red White and Blue Track meet was attended by campers of all ages. In the given time, boys attempted to visit as many track and field events as possible. The more events they visited, the better their chances were of winning the track meet.

Staff and CITS did a fantastic job organizing and running events such as the low hurdles, 220 yard dash, sit ups, rope jumping, and the ever-popular crab walk.

Winners on this page represent the boys who scored the most number of points; that is most events entered and most events won.

THE WAR!

CONGRATULATIONS TO THE VICTORIOUS WHITE TEAM

1986 will go down in history as the year of the fire that "wouldn't." The White Team came back from a three minute deficit at the final relay event to record a come from behind victory.

** Congratulations to all the members from both teams
** for an excellent week of competition. The lead
** changed hands several times - and the score was
** even tied for two consecutive flag raising ceremonies.
** This was the war for the record books!
