

TALENT NITES

Those wonderful nights when the camp assembled at the Horseshoe or Mess Hall to enjoy the "best entertainment that money could spare!" were lots of fun for performers as well as audience members. Most of the shows we watched & video taped. Fortunately, the best parts were the laughs! Here is a brief roster of some of the best acts of the summer:

TRIVIA

When in the course of trivial events it is necessary to come up with new trivia questions after three years of successful questions & answers, one must be creative, inventive & larcenous!

This year our crack staff, JCs & CITs sat in their chairs around the near & far diamonds ready for the pandemonium that would surely ensue. Happily through pie masters Don G. & Paul W.'s efforts, all went well!

Who can forget Aaron Kramer's sauntering from question to question, Ronnie Goldberg's last minute appearance, (seconds before the game commenced) and Keith Radeke's continual question, "Don't we have all of them YET?"

Remember the words of Alexander Pope who uttered, "In all things bright & beautiful, there is the element of the trivial!"

MONOPOLY

Wow! What a great board! Can we REALLY buy those properties & collect rent? But there is only one bus, Paul! These were just some of the comments we received when we played our annual Camp Waupaca Monopoly game this year. We did add Chance Cards & Community Chest cards that made everything a little more lively.

As usual, the team that hustled & wheeler dealer won the laurels! Congratulations to those real estate tycoons of the future!

CAPTURE THE FLAG

"Charge! All on defence! Spring the prisoners from jail!" These could be some of the epithets heard when the camp participated in Capture the Flag, the all camp game of conquest. Although the teams and fields changed a little, the idea remained the same: capture the flag, bring it across your own line, and do it in record time without getting caught.

We played two times this summer and the results are listed here.
